Art Unit: 2133

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this

Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

2. Claims 25-26 are rejected under 35 U.S.C. 102(e) as being anticipated by Rolston et al (2002/0031199).

As per claim 25, Rolston et al disclose the invention substantially as claimed, comprising the steps of:

independently generating a plurality of clock signals on the integrated circuit such that respective ones of the plurality of clock signals are distributed to respective portions of the integrated circuit; and

synchronizing phases of the plurality of clock signal to one another.

(See Col. 3, lines 28-54 and col. 5, lines 6-22).

---

Art Unit: 2133

As per claim 26, this claim is also rejected under the same rationale as set forth in claim 25.

3. Claims 1-24 are allowable.

4. Applicant's arguments with respect to claims 1-26 have been considered but are moot in view of the new ground(s) of rejection.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Phung My Chung whose telephone number is 703-305-9686. The examiner can normally be reached on Monday to Friday.
